## **NSW wins Australian Outdoor Project at national housing awards**

NSW's Gremmo Homes has won **Australian Outdoor Project** at the 2018 HIA-CSR Australian Housing Awards.

This year's award winning projects were unveiled tonight before hundreds of industry leaders at the prestigious awards ceremony held as the final night of the Housing Industry Association (HIA) National Conference in Singapore.

The HIA-CSR Australian Housing Awards are the ultimate platform to showcase the talents of the nation's top builders and designers. Winners are selected from state-based finalists, with awards in 21 separate categories (see full list below).

Australian Outdoor Project, partnered by James Hardie Australia, recognises the design, installation and project coordination of a swimming pool, spa, outdoor structure or landscaping project in a residential context.

The winning project features three separate outdoor entertaining areas and careful choice of materials to make this project a stand-out. The sparkling pool is the central feature of both the house and garden, connecting each of the spaces.

HIA NSW Executive Director David Bare said the HIA-CSR Australian Housing Awards program is unsurpassed in the residential building industry.

"I congratulate all our NSW award winners, who really do represent the 'best in the business'," Mr Bare said. "Each year a high calibre of nominations is presented.

"This year, we saw exceptionally creative and innovative projects. HIA members have excelled and it is my pleasure to congratulate each winner for the hard work and dedication they continue to display. From sustainable initiatives to incredible workmanship, these homes are remarkable and we are proud to call these winners HIA members."

HIA is Australia's peak building industry body representing more than 40,000 builders, suppliers and contractors involved in residential construction.

Judged by industry professionals, the awards acknowledge the talent of builders, designers and building companies who plan and construct quality new housing, apartments, renovations, kitchens and bathrooms.
